Future Slovakia Forum

PARTNERSHIPS · DONOR ONE-PAGER · NOVEMBER 2026

Partnerships for Reform Readiness.

Future Slovakia Forum (FSF) is a non-partisan, independent civic think tank established in February 2024. We connect recognised experts with the young generation, especially Slovak students in Czechia, and turn facts into reform proposals for Slovakia. As a partner, you fund the concrete work of these people.

A reform opportunity can open quickly. Analytical capacity cannot be built overnight.

WHAT WE DO

FSF'S HEALTH INITIATIVE

Healthy Future of Slovakia (HFS)

RESULT Our expert team prepared REFORMA 3.3, a framework for six areas of healthcare, publicly presented on 5 November 2026.

SLOVAK STUDENTS IN CZECHIA

Analytical assignments guided by experts

Students have the opportunity to work on real assignments for Slovakia. **EXAMPLE** A medical student in Brno could map data on waiting times for planned care with a mentor from the health team. The mentor checks the sources, and the review could feed into an expert recommendation.

FSF's project "Z analýzy do praxe" is co-funded by the European Union in the Pontis Foundation's Impact Lab programme. Approved grant: €30,000.

LEADERSHIP, ADVISORY BOARD & HEALTH TEAM

Founder & Managing Lead: Dávid Bořuta — leads FSF's direction and partnerships. Crisis manager and adviser with 20+ years of experience; in 2023, external adviser to the Slovak Prime Minister on Slovakia's role in Ukraine's reconstruction.

FSF Advisory Board: doc. Michal Vašečka — sociologist and civil society expert; **Miroslav Kollár** — public administration expert and former mayor of Hlohovec; **prof. Vladimír Šucha** — former Director-General of the European Commission's Joint Research Centre; **prof. Róbert Babeľa** — leads the Healthy Future of Slovakia group.

The HFS health team prepared REFORMA 3.3 under prof. Róbert Babeľa. Core experts: **Dr. Vladimír Dvorový** and **Matej Mišík**.

Affiliations are stated for identification only. Experts and advisers speak in their personal expert capacity.

HOW WE PROTECT INDEPENDENCE

We agree the purpose and scope of the supported work with the partner. The FSF team is responsible for the methodology, data interpretation and expert conclusions.

- We will publish the names of our corporate partners and the amounts they contribute. If an individual donor gives more than €1,000 in total during a calendar year, we will publish their name and the total amount they gave that year.
- Topics about the sponsor's products are excluded from the offer.
- Every partnership is screened for conflicts of interest and reputation.
- Partnership never means political favour, endorsement or bought content.
- Larger partnerships follow funding diversification rules.

WHAT YOUR CONTRIBUTION MAKES POSSIBLE

A month of work by a young analyst with a mentor The result can be a research review, a data brief or part of an expert recommendation.	**€600** per month
One policy brief, from research to publication The published brief helps political parties, ministries and experts decide on a specific step.	**€3,500**

OTHER OPTIONS

Grant monitoring · 4 hours a week	**€2,100** per year
Reform communication · 5 hours a week	**€2,600** per year
Expert roundtable · with processed recommendations	**€5,000 – 10,000**
Bridge fund · team continuity while grant decisions are pending	**€10,000 or more**

€20,000 is the bridge fund target for 2026.

For each partnership, we agree the topic, scope, timeline and output with you. The future Partner Club, the January conference and upcoming grant applications have separate terms.

This November offer does not promise membership, a panel seat, media coverage or access to student contacts.
